

ACADEMIC PROGRAMS OF EXCELLENCE

There are many ways to pursue excellence at Belmont including Advanced Placement (AP) and Dual Credit courses. These provide our students with academic enrichment and a head start on their post-secondary education.

Advanced Placement (AP) offers college/university-level courses to high school students. Once students complete the AP course and score well on the College Board AP exam, they can receive university/college credit for that course. *(It is up to the student to research which courses are accepted by the institution of choice)*

Dual Credit courses allow high school students to take Camosun College courses while in grade 12 and have the school district pay the tuition. Students earn both high school credit and college credit for these courses. Our AP, Dual Credit and enriched/advanced course options are listed in the following table.
