

New Online Fee Payment System

School District No. 62 (Sooke) uses School Cash Online; a program which provides parents with the convenience of managing their student's district and school fees online. All school fees and payments for individual students will now be managed at the school level through our new School Cash Online software program.

Step 1 - complete the consent form at <https://consent.sd62.bc.ca> Make sure you are logged into your account first. If you do not see the consent form after you sign in, please choose "items" on top right tab. You must login with the same email address that you have provided to the School District for receiving District/School emails.

Step 2 user guide - create account login/password by choosing "Get Started Today" at <https://sd62.schoolcashionline.com>. Students are encouraged to create an account as well, especially if they pay their own fees.

Step 3 user guide - login and attach your children. You will need to know the student's PEN number (on the report card) in order to complete this process.

I hope you try this out and make it work for you as it will far more convenient than physically coming to school to pay the various cost throughout the year.

Thanks for your consideration.
