Re: School Facility Update

Dear Belmont Families and Students,

I hope all of you have had a wonderful summer and look forward to the first day of school on Tuesday, September 4. That will be the first day for Grade 9's (grades 10-12 start on Wednesday, September 5).

I felt it was necessary to update you on the status of our two new portables and enhancements to our cafeteria. SD62 staff have been working hard all summer making improvements at most schools throughout the district, including Belmont. While staff are continuing to work on the projects, the new portables and cafeteria will not be ready to go for the beginning of school.

We anticipate the portables will be ready for occupancy by October. Our kitchen renovation is a much larger project which we are hoping will wrap up towards the end of October.

We are doing our best to get things completed in a timely manner with little disruption to our staff and students. With demand higher than supply, the availability to get contractors and supplies can be a challenge at times. Please know that we are continuously working to make our schools the best they can be for our children.

We will send out updates to you as work progresses on our school. The safety of our students is paramount to all members of our community. Should you have any questions, please do not hesitate to contact the school at (250) 478-5501.

Thank you for your understanding,

Sincerely,

Mr. J. Lamond
Principal
Belmont Secondary School
