## **Grade 10 Student Learning Survey**

Every year, the Grade 10 and 12 students complete a survey that gives the school, district, and Ministry of Education very important information about your school experience!

Please take the time to read and consider the questions. We do read the responses for each one and appreciate your input – this can help make changes for your Gr 11 and 12 years!

# The school schedule is built on your requests

- Select your courses carefully
  - DON'T pick classes just to be with friends
  - DO pick classes that interest you, and/or may be needed in the future
- Read the course descriptions carefully
- Talk to your teachers and counsellor if you need advice or have questions
- Changes in September are VERY difficult to make, and will be considered only in special situations

Disclaimer – while we try our best to get you the classes you request, we can't guarantee you will get all (or any) of your 'first choice' requests.

# Any questions:

- **Check in with your school counselor**
